

## Ceypetco Lithium MP Grease

### Description

**Ceypetco Lithium MP Grease** is multipurpose grease developed for use in applications that do not require EP grease.

### Applications

**Ceypetco Lithium MP Grease** series is widely accepted by the industry for use as general purpose grease for plain and roller bearings.

**Ceypetco Lithium MP Grease** is recommended for plain and antifriction bearings, chassis lubrication, construction equipment conveyors and run-out rolls, general machinery lubrication, low and high speed plain bearings, presses, roller and needle bearings, wheel bearings and winches.

### Typical Characteristics

Properties	MP Grease			
	NLGI 00	NLGI 1	NLGI 2	NLGI 3
Appearance	Smooth Amber			
Soap	Lithium 12-hydroxyl-stearate			
Dropping Point, °C	-	180	180	180
Worked Penetration at 25 °C	400-430	310-340	265-295	220-250
